

ACT! Training On-site

- We provide an initial consultation and give you an overview with worked examples of what you can expect from an ACT database.
- Training is bespoke to your Company's business needs.
- We have experienced ACT Consultants to help you into specifying and designing your business database.
- Training is done on-site to enable for us to work closely with your Company and gain knowledge of your workflow and internal systems.
- Practical worked examples are created to help in your understanding and gain confidence with the ACT database.
- Post Support and Help can be provided to ensure continued use and confidence in your product.
- We provide a very tailored and personal service which we hope we can build a strong business relationship between ourselves and our clients.

The screenshot displays the ACT! software interface. The main window shows the 'Detail View' of an opportunity named '2010/11 Season Sponsorship Package'. The interface includes a menu bar (File, Edit, View, Lookup, Opportunities, Schedule, Write, Reports, Tools, Help) and a toolbar with various icons. The 'Opportunities' sidebar is visible on the left. The main content area shows the following details:

- Opportunity Name:** 2010/11 Season Sponsorship Package
- Totals:** Total (£7,500.00), Weighted (£6,000.00), Probability (80)
- Status:** Closed - Won (selected)
- Association:** Contacts (Annette Sharkey), Groups, Companies
- Days Open:** Open Date (20/04/2010), Days Open (78), Est. Close Date (29/06/2010), Act. Close Date (29/06/2010)
